The Director

Welcome to Versastyle Dance Competition!

I'm so excited to have you here as part of this incredible journey—one that goes beyond medals and trophies to create an unforgettable experience for every dancer, studio, and family.

With over 20 years in the dance industry as a performer, educator, and event organizer, I've poured my passion into building Versastyle into something truly special. My goal is to provide an event that's not just about competition but about growth, inspiration, and opportunity.

What Makes Versastyle Different?

We know every competition claims to be unique, but at Versastyle, we're redefining what that really means. Yes, you'll find everything you expect—adjudications, awards, overalls, and exciting moments on stage—but we go further. Our focus is on education, innovation, and giving dancers more than just scores. With exclusive learning opportunities, industry connections, and our one-of-a-kind Scorebox scoring system, Versastyle ensures that every dancer walks away with knowledge, confidence, and motivation for their next step.

Take a moment to explore the program and discover what makes Versastyle different. I can't wait to see what you take away from the Versastyle Experience!

Sincerely,

LEE PHAM

About Scoring

Versastyle's unique scoring system is designed to provide meaningful feedback—not just for dancers, but for teachers and choreographers as well. Our critiques and scores are focused on motivation, growth, and improvement.

Why Are Your Scores Lower?

Our carefully developed criteria and rubric help judges assess performances accurately. The rubric highlights strengths and areas for improvement, ensuring clear and constructive feedback. Scores are based on the routine's classification—expectations for a pre-competitive entry differ from those for an elite routine.

Why Do Judges Comment on Choreography?

Choreography is a collaborative process between the choreographer and dancer. The dancer's ability to interpret and execute the movement reflects the strength of that collaboration. Our judges evaluate how choreography challenges and complements the performer.

Why Don't All Judges Score Technique and Foundation?

Our judges only assess technique in styles where they have substantial expertise. This ensures dancers receive accurate and informed feedback. Just like dancers, judges must continuously develop their knowledge as dance evolves.

What Is the Criteria and Rubric, and Where Did It Come From?

At Versastyle, routines are scored across five key criteria, with a detailed rubric breakdown provided to studios. This system helps dancers understand their strengths and areas for growth.

As the co-creator of the first standardized scoring system for breakin' battles—now used in over 50 countries and instrumental in breakin's inclusion in the 2024 Olympics—I am passionate about bringing that same level of fairness, effectiveness, and transparency to studio competitions. Versastyle is just the beginning of this journey.

Criteria

Performances will be adjudicated by a panel of three judges based on five categories. Their scores will be averaged to determine the routine's final score.

Technique & Foundation (20%)

Quality of movement and understanding of proper fundamentals used within the genre.

Creativity & Originality* (20%)

Use of interesting concepts, unique movement, transitions, formations, musicality and costuming.

Staging & Dynamics (20%)

The overall use of the stage area and levels (floor, mid-level and air). Demonstration of powerful and variable movements.

Execution & Difficulty (20%)

The complexity and skill level of the choreography and the level of control including, speed and body placement throughout the routine.

Performance & Entertainment (20%)

The values of showmanship and stage presence, including emotion, intensity, elegance and confidence on stage.

All criteria are adjusted as it pertains to the dance genre.

*For Ballet Variations this criteria is adjusted to: Application of variation's concepts, choreographed movement, transitions, formations, musicality and costuming.

Rubric

13	Poor
14	Needs Improvement
15	Below Average
16	Average
17	Good
18	Very Good
19	Excellent
20	Exceptional

Scoring is adjusted based on the classification of the routine. I.e. Expectations for a pre-comp routine is different than that of an elite routine.

Judges are permitted to score in 0.25 increments.

In order to be as objective, judges do not know which studios they are scoring.

UNIQUE FEATURES

EDUCATION AND EXPERIENCE

The free **UNITY feature** gives 4–7 dancers from each studio a professional experience, where they collaborate, learn, and even get paid to do what they love. This opportunity simulates real-world dance jobs—like performing in music videos, commercials, or as backup dancers—all within a supportive and safe environment at the event.

Join us in celebrating the **UNITY dancers** for their hard work and dedication!

Studios have selected 5–7 dancers to push their creativity and grow as collaborators. Given skeleton choreography from our **REMIX** choreographers, dancers are challenged to add their own formations, transitions, tricks, and unique style to make it their own.

The winners are crowned **REMIX CHAMPIONS**, earning championship rings, prizes, and more!

Get ready to cheer on these dancers as they bring their ideas to life!

UNIQUE FEATURES

GOING BEYOND THE RIBBONS AND MEDALS

IMPULSE puts a fresh twist on improv like never before! Dancers, either solo or in pairs, are given a song and a short time to prepare before returning to the stage to perform.

Winners will take home a custom **Versastyle varsity jacket** and an invitation to an **exclusive paid professional photo/video shoot opportunity!**

Get ready to witness raw creativity and fearless improvisation!

OVERTIME is the ultimate dance-off, where studios select one routine to represent them—but there's a twist! Our judges and emcee may invite additional entries to compete. If you hear the **Versastyle Golden Gong** during your performance, your routine has been invited to **OVERTIME**, meaning your studio could have two routines in the final showdown!

Before performing again, each routine will receive feedback from a judge with suggestions for improvement.

We award TWO OVERTIME prizes:

Judges' Overall Choice

Most Transformed Routine – for the performance that best applies the judges' feedback.

Get ready to bring the energy and enjoy the level up in **OVERTIME!**
